Introduction

This document is the official user guide for the **UP Alumni Association – Cebu Chapter Membership Registration System**. It is intended for two groups of users:

- **Applicants (Alumni):** UP graduates who wish to register as members of the Alumni Association.
- **Administrators (Admin Staff):** Association officers and staff who review applications, verify payments, and manage the member database through the admin portal.

The system was built to replace the previous manual, paper-based registration process. It allows alumni to submit their membership applications online — including payment proof — and allows admins to review, verify, and manage those applications through a centralized web-based dashboard.

Quick Start Guide

This section gives both applicants and admins a brief overview of how to get started. For full details on any step, refer to the corresponding section later in this document.

FOR APPLICANTS: SUBMITTING A REGISTRATION

1. Open the registration form using the link provided by the Alumni Association.
2. Fill out each section of the multi-step form — personal details, contact info, academic background, professional info, mentorship preferences, and payment.
3. Choose your payment method (GCash, bank transfer, or cash) and follow the instructions shown on the form for that method.
4. Upload your proof of payment (for GCash and bank transfer) or provide your payment details (for cash).
5. Read the data privacy notice, check the consent box, and click **Submit**.
6. You will see a confirmation message on screen. Your application will now be reviewed by the admin team.

What happens next? An admin will first verify your alumni status, then verify your payment. You will be notified separately once your membership is approved.

FOR ADMINS: LOGGING IN AND GETTING ORIENTED

1. Go to the admin portal URL provided to you.
2. Enter your email address and password, then click **Log In**.
3. You will land on the **Dashboard**, which shows a summary of pending applications and recent activity.
4. Use the sidebar navigation to move between sections: Alumni Verification, Payment Verification, Members, Admin Management, and Form Settings.
5. To log out, click your profile or the logout button in the sidebar.

PART A

PUBLIC-FACING PAGES

This section is for alumni applicants who wish to register for membership. It covers the registration form from start to finish.

The Registration Form

The registration form is the primary way for alumni to apply for membership in the UP Alumni Association – Cebu Chapter. It is divided into **seven steps**, and you must complete each step before moving to the next. Your progress is shown by a step indicator at the top of the form.

Tip: Make sure you have the following ready before you start: a valid personal email address (not a [@up.edu.ph](#) address), your UP student number, proof of payment (a screenshot or photo of your GCash or bank transfer receipt), and a photo of a valid ID.

BEFORE YOU BEGIN

- Use a **stable internet connection**. If your connection drops while filling out the form, a notification will appear at the top of the screen. Do not submit the form while offline.
- Use a **modern browser** (Google Chrome, Mozilla Firefox, Microsoft Edge, or Safari). Very old browser versions may not display the form correctly.
- You can only submit **one application per email address**. If you try to use an email that has already been submitted, the form will notify you.
- **UP institutional email addresses** ([@up.edu.ph](#)) are not accepted. Use a personal email address (Gmail, Yahoo, Outlook, etc.).

STEP 1: PERSONAL INFORMATION

This step collects your basic legal identity details.

FIELD	REQUIRED	NOTES
First Name	YES ▾	As it appears on your official ID
Middle Name	NO ▾	Leave blank if you have none
Last Name	YES ▾	As it appears on your official ID
Suffix	NO ▾	e.g., Jr., Sr., III
Maiden Name	NO ▾	For married alumni who changed their surname
Date of Birth	YES ▾	Use the date picker provided

How to complete this step:

1. Type your first name exactly as it appears on your valid government-issued ID.
2. Fill in your middle name if applicable. If you have no middle name, leave the field blank — do not type "N/A."
3. Enter your last name and suffix if applicable.
4. If you are a married female alumna who changed your surname, enter your maiden (birth) last name in the Maiden Name field.
5. Select your date of birth using the calendar date picker.

Note: You will not be able to proceed if any required field is empty or incorrectly filled.

STEP 2: CONTACT & LOCATION

This step collects your contact information and current home address.

FIELD	REQUIRED	NOTES
Email Address	YES ▾	Must be a personal email; UP emails are blocked
Mobile Number	YES ▾	Philippine mobile number format: 09XXXXXXXXXX
House No. / Street / Subdivision	YES ▾	First line of your address
Province	YES ▾	Defaults to Cebu

City / Municipality	YES ▾	Appears after selecting a province
Barangay	YES ▾	Appears after selecting a city
ZIP Code	YES ▾	4-digit Philippine ZIP code

How to complete this step:

1. Enter your active personal email address. The system will check if this email has already been used. If it has, you will be notified.
2. Enter your Philippine mobile number. The accepted format is 09XXXXXXXXXX (11 digits starting with 09).
3. Enter your house number, street name, and subdivision or village in the address field.
4. There is no need to select the **Province** since its default value is **Cebu**.
5. Select your **City/Municipality**. Once selected, the **Barangay** dropdown will load. This may take a moment as the system fetches the barangay list for your area.
6. Select your **Barangay** from the list.
7. Enter your **ZIP Code**.

Tip: The province, city, and barangay dropdowns are linked — you must select them in order. If you change your province after already selecting a city and barangay, those fields will reset, and you will need to re-select them.

STEP 3: ACADEMIC INFORMATION

This step collects your UP academic background, which will be used to verify your alumni status.

FIELD	REQUIRED	NOTES
UP Campus	YES ▾	Select the UP campus you graduated from
Degree Program	YES ▾	e.g., Bachelor of Science in Computer Science
Year Graduated	YES ▾	The year you received your degree
Student Number	YES ▾	Your UP student number

How to complete this step:

1. Select your **UP Campus** from the dropdown. The system supports 8 UP campuses: Cebu, Diliman, Los Baños, Manila, Mindanao, Baguio, Visayas, and Open University.

2. Enter your **Degree Program** exactly as it appears on your diploma or transcript (e.g., "Bachelor of Science in Biology").
3. Select or type your **Year Graduated**.
4. Enter your **UP Student Number**. This is typically found on your ID, transcript, or diploma.

Important: Your academic information will be verified by an admin before your application is approved. Make sure all details are accurate and match your official UP records. Inaccurate information may result in rejection.

STEP 4: PROFESSIONAL INFORMATION

This step is optional but encouraged. It helps the Alumni Association understand the professional landscape of its members.

FIELD	REQUIRED	NOTES
Current Employer / Organization	NO ▾	Name of the company or institution you work for
Job Title / Position	NO ▾	Your current role
Industry	NO ▾	The sector you work in

How to complete this step:

1. Fill in as many fields as apply to your current situation.
2. If you are currently unemployed, in school, or not working, you may leave all fields in this step blank. Do not type "N/A."

STEP 5: MENTORSHIP PROGRAM

This step is optional. The UP Alumni Association runs a mentorship program connecting experienced alumni with students and younger graduates. If you are interested in participating as a mentor, fill out this step.

FIELD	REQUIRED	NOTES
Interested in Mentoring	NO ▾	Toggle or checkbox to opt in
Areas of Interest	YES ▾ (if opted in)	Select one or more areas you can mentor in

Industry Track	YES ▾ (if opted in)	The industry sector most relevant to your expertise
Preferred Format	YES ▾ (if opted in)	1-on-1, Group, or Either
Availability	YES ▾ (if opted in)	Estimated hours per month you can commit

Available Areas of Interest: Career Advancement, Leadership & Management, Business & Corporate, Finance & Operations, Technology & Innovation, HR & Workplace, Entrepreneurship, and Other.

Available Industry Tracks: IT & Software, Banking & Finance, Marketing & Advertising, Engineering, Healthcare, Real Estate, Supply Chain, Government & Public Service, and Other.

How to complete this step:

1. If you are not interested in the mentorship program, simply leave this step blank or leave the opt-in toggle off and click **Next**.
2. If you wish to participate, toggle or check the mentorship opt-in option.
3. Select the areas you feel confident mentoring in. You may select more than one.
4. Select the industry track that best describes your professional background.
5. Choose your preferred mentorship format — 1-on-1 sessions, group sessions, or either.
6. Enter approximately how many hours per month you are available to mentor.

STEP 6: PAYMENT

This step collects your membership payment information. The current membership fee is displayed at the top of this step. You may pay via **GCash**, **Bank Transfer**, or **Cash**.

Important: Make sure you have already made your payment before completing this step. You will need your transaction reference number and, for GCash and bank transfer, a screenshot or photo of your proof of payment.

GCash Payment

1. Send the membership fee to the GCash number displayed on the form.
2. Take a screenshot of your GCash transaction confirmation.
3. On the form, select **GCash** as your payment method.
4. Enter your **GCash Reference Number** (found in your transaction confirmation).
5. Upload your **proof of payment** (the screenshot). Accepted file types are JPG, JPEG, and PNG. The maximum file size is 5MB.

Bank Transfer Payment

1. Transfer the membership fee to the bank account details displayed on the form.
2. Take a photo or screenshot of your bank transfer confirmation slip or online transaction record.
3. On the form, select **Bank Transfer** as your payment method.
4. Fill in the following fields:
 - **Sender Name:** Your name as it appears on the bank account you sent from.
 - **Bank Name:** The name of the bank you transferred from.
 - **Account Number (Last 4 Digits):** The last four digits of the bank account you sent from.
 - **Reference Number:** The transaction reference number from your bank.
5. Upload your **proof of payment**. Accepted file types are JPG, JPEG, and PNG. The maximum file size is 5MB.

Cash Payment

1. Pay the membership fee in person at the location and schedule indicated on the form.
2. On the form, select **Cash** as your payment method.
3. Fill in the following fields:
 - **Payment Date:** The date you paid.
 - **Received By:** The name of the person who received your payment.

Note on file uploads: If you receive an error when uploading your proof of payment, check that the file is a JPG or PNG image and that it is under 5MB. Very large screenshots may need to be resized or compressed before uploading.

STEP 7: DATA PRIVACY & SUBMISSION

This is the final step before submitting your application.

1. Read the **Data Privacy Notice** displayed on the screen carefully. It explains how your personal information will be collected, used, and stored in accordance with the Philippine Data Privacy Act of 2012 (RA 10173).
2. Check the **consent checkbox** to confirm that you have read and agree to the data privacy notice. You cannot submit the form without checking this box.
3. Review the summary of your application if one is shown.
4. Click the **Submit** button.

Important: Once you click Submit, your application is sent to the admin team for review. You will not be able to edit your application after submission. Make sure all your information is correct before submitting.

AFTER SUBMITTING

After a successful submission, you will see a **confirmation message** on screen. This message confirms that your application has been received and is now in the review queue.

What happens next — the verification process:

Your application goes through two stages of review:

1. **Alumni Verification:** An admin will review your academic information (degree program, campus, year graduated, and student number) to confirm your UP alumni status. If your information matches UP records, your application moves to the next stage. If there are issues, your application may be rejected with a reason provided.
2. **Payment Verification:** A second admin will review your payment details and proof of payment. If your payment is confirmed, your membership will be officially approved.

You will be informed of the outcome separately. Processing times depend on the volume of applications being reviewed by the admin team.

If your application is rejected: You may be required to resubmit a new application with corrected information. The admin team will inform you of the specific reason for rejection.

COMMON ERRORS AND WHAT THEY MEAN

ERROR MESSAGE	WHAT IT MEANS	WHAT TO DO
"This email address has already been used."	An application with this email was already submitted.	If you did not submit one, contact the admin team. If you did, you do not need to resubmit.
"UP institutional email addresses are not accepted."	You entered a @up.edu.ph email.	Use a personal email address (Gmail, Yahoo, etc.)
"Please enter a valid Philippine mobile number."	The number format is incorrect.	Use the format 09XXXXXXXXXX
"File type not supported."	The uploaded file is not a JPG or PNG.	Convert your file to JPG or PNG before uploading.
"File size exceeds the maximum limit."	The uploaded file is larger than 5MB.	Compress or resize the image and try again.

"This field is required."	A required field was left blank.	Fill in the missing field and try again.
---------------------------	----------------------------------	--

PART B

ADMIN-ONLY PAGES

This part of the documentation is for **admin staff** who manage the registration system through the admin portal. Applicants do not have access to these pages.

Logging In and Out

HOW TO LOG IN

1. Open your browser and go to the admin portal URL provided to you by your system administrator.
2. You will see the **Login Page** with two fields: **Email Address** and **Password**.
3. Enter the email address associated with your admin account.
4. Enter your password.
5. Click the **Log In** button.
6. If your credentials are correct, you will be redirected to the **Dashboard**.

If you cannot log in: Double-check that you are using the correct email and password. Passwords are case-sensitive. If you have forgotten your password, contact your system administrator to have it reset. The system does not currently support self-service password reset.

Security note: Do not share your admin login credentials with anyone. Each admin should have their own account. If you believe your credentials have been compromised, inform your system administrator immediately.

HOW TO LOG OUT

1. Locate the **logout option** in the sidebar navigation (typically at the bottom or near your profile name).
2. Click **Log Out**.
3. You will be redirected back to the login page. Your session will be fully terminated.

Always log out when you are done using the system, especially on shared computers. Simply closing the browser tab does not fully log you out.

SESSION EXPIRATION

For security, your admin session will expire automatically after a period of inactivity. If your session expires while you are in the middle of a task, the system will prompt you to log in again. Your work up to that point may not be saved — for example, if you were typing a rejection reason, you may need to re-enter it after logging back in.

Tip: If you are reviewing a long application and need to step away, finish your review action (verify or reject) before leaving the screen to avoid losing your progress.

Dashboard

OVERVIEW

The **Dashboard** is the first page you see after logging in. It gives you a quick overview of the current state of the registration system — how many applications are waiting for review and what actions have been taken recently.

STATISTICS CARDS

At the top of the dashboard are summary cards showing key numbers at a glance:

CARD	WHAT IT SHOWS
Pending Alumni Verification	The number of submitted applications waiting for Step 1 (alumni status) review
Pending Payment Verification	The number of applications that have passed Step 1 and are waiting for Step 2 (payment) review
Approved Members	The total number of fully approved and active members

Clicking on any of these cards will take you directly to the relevant page (e.g., clicking "Pending Alumni Verification" takes you to the Alumni Verification queue).

RECENT ACTIVITY FEED

Below the statistics cards is the **Recent Activity Feed**, which shows a log of the most recent actions taken in the system — such as applications submitted, verifications performed, and settings changed. You can adjust how many entries are shown (5, 10, 25, or 50) using the dropdown above the feed.

Each entry in the activity feed shows:

- The **action type** (e.g., Application Submitted, Member Approved, Form Settings Updated)
- A **brief description** of the action
- The **admin** who performed it (or "System" for automated actions)
- The **time** the action was performed

Alumni Verification

OVERVIEW

Alumni Verification is the first stage of the application review process. On this page, you will see a list of all applications that have been submitted and are waiting for their alumni status to be verified. Your task is to review each applicant's academic information and determine whether they are a legitimate UP alumnus or alumna.

The list can be **filtered** (by status, campus, or degree program), **sorted** (by name, date submitted, etc.), and **searched** by name or email. You can also **export** the list to a CSV file.

REVIEWING AN APPLICATION

1. On the Alumni Verification page, locate the application you want to review in the list.
2. Click on the applicant's name or the **View** button to open their application details.
3. A detail panel or modal will appear showing the applicant's full information:
 - a. Personal details (name, date of birth)
 - b. Contact information (email, mobile, address)
 - c. Academic information (campus, degree program, year graduated, student number)
 - d. Professional information (if provided)
 - e. Mentorship preferences (if provided)
 - f. Payment details (payment method and proof of payment — note: payment is reviewed separately in Step 2)
4. Review the academic information carefully. Cross-reference with any available UP alumni records to verify the applicant's alumni status.

VERIFYING AN APPLICANT

If the applicant's alumni status checks out:

1. With the applicant's detail panel open, click the **Verify** button.
2. A confirmation prompt will appear asking you to confirm the action.
3. Click **Confirm**.
4. The application will be moved out of the Alumni Verification queue and into the **Payment Verification** queue (Step 2). The applicant's status will change to **Pending Payment Verification**.
5. The action will be recorded in the audit trail.

REJECTING AN APPLICANT

If the applicant's information cannot be verified or contains errors:

1. With the applicant's detail panel open, click the **Reject** button.

2. A dialog box will appear asking you to enter a **reason for rejection**. This field is required — you cannot reject without providing a reason.
3. Type a clear and specific reason (e.g., "Student number does not match UP Cebu records" or "Degree program information is incomplete").
4. Click **Confirm Rejection**.
5. The application status will change to **Rejected**. The applicant will be notified separately.
6. The rejection and its reason will be recorded in the audit trail.

Note: Be specific when writing rejection reasons. The reason you provide may be communicated to the applicant, so it should be helpful enough for them to understand what needs to be corrected.

EXPORTING THE LIST

1. On the Alumni Verification page, click the **Export CSV** button.
2. A CSV file will be downloaded to your device containing the current list of applications (filtered by whatever filters are currently applied).
3. Open the file in Microsoft Excel, Google Sheets, or any spreadsheet application.

Payment Verification

OVERVIEW

Payment Verification is the second and final stage of the application review process. Applications appear here only after they have passed Alumni Verification. Your task is to review the payment details and proof of payment submitted by the applicant and confirm whether the payment is valid.

Like Alumni Verification, the list supports filtering, sorting, searching, and CSV export.

REVIEWING A PAYMENT

1. On the Payment Verification page, locate the application you want to review.
2. Click the applicant's name or the **View** button to open their details.
3. The detail panel will show the applicant's payment information:
 - a. **Payment Method:** GCash, Bank Transfer, or Cash
 - b. **For GCash:** Reference number and proof of payment image
 - c. **For Bank Transfer:** Sender name, bank name, last 4 digits of account, reference number, and proof of payment image
 - d. **For Cash:** Payment date and the name of the person who received the payment
4. Review the proof of payment image (for GCash and bank transfer) by clicking on the thumbnail to view it in full size.
5. Verify that the reference number, amount, and account details match your association's records.

CONFIRMING A PAYMENT

If the payment is valid and confirmed:

1. With the detail panel open, click the **Confirm Payment** button.
2. A confirmation prompt will appear.
3. Click **Confirm**.
4. The applicant's status will change to **Approved**. They are now an official member of the Alumni Association.
5. The action will be recorded in the audit trail and will appear in the Members list.

REJECTING A PAYMENT

If there is a problem with the payment (e.g., incorrect reference number, insufficient amount, or unreadable proof of payment):

1. With the detail panel open, click the **Reject** button.
2. A dialog box will appear asking for a **reason for rejection**. This is required.

3. Enter a specific reason (e.g., "Proof of payment image is unreadable — please resubmit a clearer photo" or "Reference number does not match our GCash transaction records").
4. Click **Confirm Rejection**.
5. The application status will change to **Rejected**.
6. The rejection will be recorded in the audit trail.

EXPORTING THE LIST

1. On the Payment Verification page, click the **Export CSV** button.
2. A CSV file will be downloaded to your device containing the current list of applications (filtered by whatever filters are currently applied).
3. Open the file in Microsoft Excel, Google Sheets, or any spreadsheet application.

Members

OVERVIEW

The **Members** page shows a list of all alumni who have been fully approved — meaning they have passed both Alumni Verification and Payment Verification. From this page, you can view member details, revoke a membership, or reinstate a previously revoked member.

The list can be filtered by membership status (**Active**, **Revoked**, or **All**), and supports searching by name or email, sorting, and CSV export.

VIEWING MEMBER DETAILS

1. On the Members page, find the member in the list.
2. Click their name or the **View** button.
3. A detail panel will open showing their complete information: personal, contact, academic, professional, mentorship, and payment details, as well as their membership status and approval date.

REVOKING A MEMBERSHIP

Revoking a membership removes a member's active status without permanently deleting their record. This action should be used in cases where a membership needs to be cancelled — for example, due to a policy violation or erroneous approval.

1. Open the member's detail panel.
2. Click the **Revoke Membership** button.
3. A dialog box will appear asking for a **reason for revocation** and optional additional notes. The reason is required.
4. Enter the reason clearly and specifically.
5. Click **Confirm Revocation**.
6. The member's status will change to **Revoked**. The action and reason will be recorded in the audit trail.

Note: Revoking a membership does not delete the member's record from the system. Their information is retained, and the membership can be reinstated if needed.

REINSTATING A MEMBERSHIP

If a previously revoked member's situation has been resolved and their membership needs to be restored:

1. On the Members page, filter the list by **Revoked** status to find the member.
2. Open their detail panel.
3. Click the **Reinstate Membership** button.

4. A confirmation prompt will appear.
5. Click **Confirm**.
6. The member's status will change back to **Active**. The reinstatement will be recorded in the audit trail.

EXPORTING THE MEMBERS LIST

4. On theMembers page, click the **Export CSV** button.
5. A CSV file will be downloaded to your device containing the current list of applications (filtered by whatever filters are currently applied).
6. Open the file in Microsoft Excel, Google Sheets, or any spreadsheet application.

Admin Management

OVERVIEW

The **Admin Management** page allows you to manage the admin accounts that have access to the portal. From here, you can create new admin accounts, edit existing ones, deactivate accounts that are no longer needed, and view the activity history of each admin.

Important: Only authorized admins should have access to this page. Be careful when creating or deactivating accounts, as these actions directly affect who can access the system.

CREATING A NEW ADMIN ACCOUNT

1. On the Admin Management page, click the **Add Admin** or **Create New Admin** button.
2. A form will appear with the following fields:

FIELD	REQUIRED	NOTES
First Name	YES ▾	
Last Name	YES ▾	
Email Address	YES ▾	This will be the admin's login email
Password	YES ▾	Must meet the password requirements shown
Confirm Password	YES ▾	Must match the password field

3. Fill in all required fields. The password must meet the minimum requirements (typically: at least 8 characters, not too similar to the email, not a commonly used password, and not entirely numeric).
4. Click **Create** or **Save**.
5. The new admin account will be created and will appear in the admin list. The new admin can now log in using the email and password you set.

Best practice: After creating an account, inform the new admin of their credentials securely — do not send passwords via unencrypted channels like plain text messages or email if possible. Advise the new admin to treat their credentials as confidential.

DEACTIVATING AN ADMIN ACCOUNT

Deactivating an account prevents the admin from logging in without permanently deleting their account or their activity history.

1. On the Admin Management page, find the admin account to deactivate.
2. Click the **Deactivate** button.
3. A confirmation prompt will appear.
4. Click **Confirm**.
5. The account will be marked as **Inactive**. The admin will no longer be able to log in. Their activity history is preserved.

When to deactivate: Deactivate an admin account when a staff member leaves the organization or no longer needs access. Do not delete accounts — deactivation preserves the audit trail associated with that admin.

REACTIVATING AN ADMIN ACCOUNT

1. On the Admin Management page, locate the deactivated admin (you may need to filter or search for inactive accounts).
2. Click the **Reactivate** button.
3. A confirmation prompt will appear.
4. Click **Confirm**.
5. The account will be restored to **Active** status, and the admin can log in again.

VIEWING AN ADMIN'S ACTIVITY LOG

Each admin has a personal activity log that records every action they have taken in the system.

1. On the Admin Management page, click on an admin's name or the **View Activity** button next to their account.
2. Their activity log will open, showing a timestamped list of all actions performed under that account.
3. You can filter the log by **date range** and by **action type** (e.g., show only verification actions, or only settings changes).

Form Settings

OVERVIEW

The **Form Settings** page allows authorized admins to configure the information displayed on the public-facing registration form. Changes made here are reflected on the registration form immediately — applicants will see the updated information the next time they load the form.

Caution: Changes to Form Settings affect the live registration form that applicants are filling out. Always double-check your changes before saving, especially when updating payment account details.

MEMBERSHIP FEE

This setting controls the membership fee amount displayed on the registration form's payment step.

1. On the Form Settings page, locate the **Membership Fee** field.
2. Enter the new fee amount. The value must be a positive number (zero or above).
3. Click **Save**.
4. The new fee amount will immediately appear on the registration form.

GCASH ACCOUNTS

This section manages the list of GCash numbers that applicants can send their payment to. You can have multiple GCash accounts listed.

To add a GCash account:

1. Click **Add GCash Account**.
2. Enter the GCash number and the account name.
3. Click **Save**.

To remove a GCash account:

1. Find the GCash account in the list.
2. Click the **Remove** or delete icon next to it.
3. Confirm the removal.

Note: Make sure at least one GCash account is always listed if GCash is an active payment method. Removing all GCash accounts while the GCash payment option is enabled may confuse applicants.

BANK ACCOUNTS

This section manages the list of bank accounts available for bank transfer payments.

To add a bank account:

1. Click **Add Bank Account**.
2. Fill in the bank name, account name, and account number.
3. Click **Save**.

To remove a bank account:

1. Find the bank account entry in the list.
2. Click **Remove**.
3. Confirm the removal.

CASH PAYMENT SETTINGS

This section configures the information shown to applicants who choose to pay in cash, including where and when to pay.

FIELD	DESCRIPTION
Address	The physical address where cash payments are accepted
Building	The specific building name
Office	The office or room name
Open Days	The days of the week when cash payments are accepted (e.g., Monday to Friday)
Open Hours	The hours during which cash payments are accepted (e.g., 8:00 AM – 5:00 PM)

1. Fill in or update the relevant fields.
2. Click **Save**.

REGISTRATION SUCCESS MESSAGE

This is the message that applicants see on screen immediately after successfully submitting their registration. You can customize this message to include instructions, contact information, or any other information you want applicants to know post-submission.

1. Locate the **Success Message** field on the Form Settings page.

2. Edit the text as needed.
3. Click **Save**.

Tip: A success message should confirm that the application was received, give the applicant a sense of what happens next (i.e., that an admin will review their alumni status and then their payment), and provide a way to follow up if needed (e.g., a contact email).

Glossary

TERM	DEFINITION
Applicant	An UP alumnus or alumna who has submitted a membership registration form and whose application is currently being reviewed
Alumni Verification	The first stage of the review process, where an admin verifies the applicant's UP alumni status based on their academic information
Payment Verification	The second stage of the review process, where an admin confirms that the applicant's membership payment has been received and is valid
Approved Member	An applicant whose alumni status and payment have both been verified and who is now an active member of the UP Alumni Association – Cebu Chapter
Revoked Member	A previously approved member whose membership has been cancelled by an admin
Audit Trail	A complete log of all actions performed in the system, including who performed them and when. The system maintains two audit logs: the Verification History (for application-related actions) and the Admin Activity Log (for all admin actions)
Admin Portal	The password-protected section of the system accessible only to authorized admin staff
Form Settings	The configuration page that controls what information appears on the public registration form, including the membership fee and payment account details
CSV Export	A feature that allows admins to download the current list of applications or members as a spreadsheet file (.csv) that can be opened in Excel or Google Sheets
GCash	A Philippine mobile wallet and payment service; one of the three supported payment methods
PSGC	Philippine Standard Geographic Code — the government-maintained database of all Philippine provinces,

	cities, municipalities, and barangays that powers the location dropdowns in the registration form
JWT	JSON Web Token — a security mechanism used to keep admin sessions authenticated and secure. Admins do not interact with this directly, but it is the technology behind login sessions and automatic session expiration
Session	The period of time during which an admin is logged in. Sessions expire automatically after inactivity for security purposes
Pending	An application status indicating the application is waiting for admin action (either at the alumni verification or payment verification stage)
Rejected	An application status indicating the application was declined at either the alumni verification or payment verification stage
Active	A member status indicating the membership is current and in good standing
Revoked	A member status indicating the membership has been cancelled by an admin
Inactive	An admin account status indicating the account has been deactivated, and the admin can no longer log in
